Subject: Department of **IN** Justice interfering with elections

Sheriff, you are the **CHIEF LAW ENFORCEMENT OFFICER IN HUERFANO COUNTY**. There is no authority above yours, as long as you are acting lawfully, and according to the US Constitution.

The Department Of **IN-JUSTICE** has recently put forth a document, which I believe sets forth a procedure for **ILLEGAL** activities to be performed by the US Federal Government.

And, I am requesting that you do not allow such **ILLEGAL** activities to take place in Huerfano County.

Please take a look at the following document:

<https://www.justice.gov/usao-de/pr/november-2016-elections>

And, you are an intelligent person, and have recently become well informed, so I'm sure you know how corrupted the Government of the US has become.

"...actions of persons designed to interrupt or intimidate voters at polling places by questioning or challenging them, or by photographing or videotaping them, under the pretext that these are actions to uncover illegal voting may violate federal voting rights law."

Photographing of voters has a number of purposes, mostly applicable in areas of the country that a person can go from polling place to polling place, and vote multiple times. A number of people taking video can uncover such activities. It also serves to be sure we do not have fraud of other types.

Exit polling has been done for a long time, all over the US. It is not intimidation, because the person has **ALREADY VOTED**. How can one intimidate a person to vote a certain way, when they **JUST VOTED**?

Also, people would like video, because many Trump voters will be wearing red.

So, as long as there is no intimidation, or interference in the voting process, I'm sure many would appreciate you **MAKING SURE** that monitoring and video taping is permitted, to ensure that there is no vote fraud in Huerfano County.
