Subject: **All over the United States...**

We have a problem.

Every man, woman, child, and pet animal in the **US**. That includes you, Sheriff, your deputies, your friends, your relatives who are in the area, and if you have any outside this area, them too. When any of you travel out of the area and are unknown by features, you suffer the same risks as anyone else.

And, you can help yourself, and all of us, solve this problem.

It's real. It's not internet rumor. It's not exaggeration. Police are more dangerous than criminals.

In China, recently, according to unconfirmed sources (photos were supplied), a crowd watched police beat up a woman. They cried out for the attackers to stop. They did not. A man started to video the incident, and he was beaten to death. Then, the crowd beat 4 policemen to death with every object they could lay their hands on. Troops arrived, and the crowd overturned the vehicle with the troops in it.

The **NEW WORLD ORDER** controls the police in China. Here, they only have control over part of the police. Also, here we have legal recourse when police are out of control. Not so in China.

In Ohio, 5/25/13, Kelly was tazed in the eye. Retarded police tried to drag him out of the car, and then learned he was stuck in his seat belt. This is all on video. Police are often selected according to how **LOW** their **IQ** is?

And, all this is for the purpose of **DIVIDE AND CONQUER**. Do not allow yourself, or anyone you know, to be a victim of this strategy. Inform others. We are in this together: you, me, and all of us.

The **NEW WORLD ORDER's STATED (documented – read *Operation Vampire Killer*)** design is to rid the **US** of law enforcement, **US** military, and every one with a firearm. Their design is to replace you, and every cop, with **UN** forces. They have eliminated Sheriffs in some states, and the Sheriffs would likely be their first target for replacement all over the **US**.

Please read Dr. Paul Craig Roberts' newest article on the subject. He writes of proven fact, not rumor. <http://www.infowars.com/call-the-cops-at-your-peril/> **CALL THE COPS AT YOUR PERIL**

You start in Colorado by getting politically active, and encouraging every Sheriff to do the same. Use our legal system against any police department that is out of order.
