Subject: **THE NEW WORLD ORDER**

We have an enemy. It is the most powerful terrorist organization in the world.

They don't like cops. They don't like people in the military. But, they use those cops and military that they can dupe. There are 3 main branches of the **THE NEW WORLD ORDER**.

1. Banking – Rockefellers, Rothschilds, Warburgs, etc.
2. Intellectual-scientific - Aldous Huxley, George Orwell, etc.
3. Political – Brezenski, Kissinger, etc.

Police Officer Jack McLamb, before his recent death, had an urgent desire. That was to get his latest edition of ***Operation Vampire Killer*** in the hands of every cop in the US. It's available online for very little money in **PDF**, computer readable, format. It explains, and proves with documentation, the existence of the **NEW WORLD ORDER (NWO)**. **They are being defeated with exposure, political action, prosecution through our judicial system, and law enforcement.**

Right now, the power of the **NEW WORLD ORDER** is in decline because many millions of people in the world are awakening to their agenda, and to what they have done to degrade humanity. As I write this, a part of their group, called ***Bilderberg***, is meeting in Copenhagen Denmark to formulate plans.

They have an iron grip over the US Federal Government. Still, within that government, people are risking, and losing, their lives to preserve our US Constitutional government. And, as you know, Sheriffs have risked their lives all over the US to do the same.

SUN TZU, in ***The Art Of War***, said, “Know thy enemy, and know thyself.” They are bloodthirsty. They have all the money they could possibly use, but power is what they crave. And, the death of masses of people is what gives them reason to live.

Homicide and suicide are closely related. A person inclined to kill their self is as likely to kill someone else. So, when you see someone with a gun to their own head, you know you are in danger because they can shift focus in a split second and point it at you. The **NEW WORLD ORDER** so-called “elite” are insane. In knowing your enemy, that fact is very important.

Anytime you have to deal with common criminals, knowing them is half the battle. That's why you learn criminal psychology, and examine the patterns of the one you are pursuing. It is as important to understand the criminally insane, psychopathic, so-called “elite.”
