Subject: **Peace (less crime) In Huerfano County - Part 3 (former 2/21/19)**

The last thing I left you with, Sheriff, was the square root of 1 percent of a given population, and how that number of people is significant. The figure is the result of world wide experimentation over a long period of time. For this county, it means 9 people.

Now, what is about being a Sheriff that makes you responsible for **PEACE IN HUERFANO COUNTY?** I mean, you are the Sheriff, and you enforce laws. The rest of that is for Clergy, Philosophers, Peacemakers? Is that right?

No, it's wrong. You, and your people in the Sheriff's department, are **PEACE OFFICERS**. The rest of the people in the county are also responsible for the peace of this county.

If you follow the recent dilemma of science at www.worldpeacealliance.com you will see that the reality of this world is not sharply divided amongst people of various job descriptions. Physicists were saying, "This is the physical world, we study, and come up with answers to **IT**." That is our job. But, reality stared down at them and said, no, **CONSCIOUSNESS IS INTERTWINED WITH, AND PART OF THE PHYSICAL WORLD.**

And, because of that dilemma, and solutions, now science is not what it used to be. Science is about life after death, and about the connection between mind, matter, and everything that occurs on the earth. Consciousness affects events, and things.

Here is a diagram of various states of mind, which have an effect upon your own body, and what is around you. More is to come about this subject, so stay tuned to this channel.
