Subject: **Peace (less crime) In Huerfano County - Part 5 (former 3/01/19)**

The last thing I left you with, Sheriff, was “What do you think”? That was in regard to me talking with you and your deputies, to enable the making of Huerfano County a more peaceful place. I am qualified to talk about both internets. I know them. I've proven my knowledge of the first internet with my marketing work in the local area, and I've studied, and worked with the principles of, metaphysics, since the 1960's.

It is very important that we note the activities of the first internet now. There is a conflict going on, these past few weeks, of a greater intensity than I've ever seen. Some of that news is noted in a recent issue of **AMERICAN FREE PRESS**. Censorship of alternative news on the internet is now blatant, and widespread. The liars are having their way on an internet that is being quickly deformed.

But, the other internet prevails. That's the largely hidden, and unseen, world of mind. It is the interconnection of minds, and of matter, worldwide.

Looking carefully at the site I created [www.worldpeacealliance.com](http://www.worldpeacealliance.com) you can see the history of the “elite” in regard to the use of mind over matter, and suppression of important information about mind over matter. You can also learn of the power of the rest of humanity to create the world they live in. The “elite” never had more power than the masses. They just convinced the masses that they had no power.

The core of power is not in control of governments, media, and “education” which distorts reality. The distorted media, and “education” is just an offshoot of the real power – mind over matter.

The real power is in the occult - the hidden. And, you will, if you investigate, find that many of those who pull the puppet strings of government are into the occult, They are involved in magick, and rituals.

But to that formerly hidden realm of mind over matter, the good people of the world are awakening very rapidly, and they are taking back their power. They see through the myths, and the lies.

The media in the US, to some extent today, controls the moods and attitudes of the masses. When many people are of a certain feeling of fear, that controls the reality. So media is more than a controller of the physical activity of the masses, When the masses were controlled in their minds, they **MADE** a different reality. They telepathically influenced many others who control the weapons of war, and they have in the past actually brought forth war, and crime, through thought waves that bring the reality into manifestation.

Remember this. War, mass death, starvation, high crime, poverty, mental illness, high drug use (legal and illegal) are part of the agenda of the “elite.”

Now, some call this, what I'm writing, “negative thinking” and some even believe it be a cause of the worst happening in our world. There are two ways to approach the truth, one is with great fear and anxiety – panic. That is negative thinking. The other way to approach the truth is with calm, and a positive attitude – seeking solutions.

The most potent solution is mind over matter.
