Subject: Texas and Utah called "hostile" by JADE HELM Exercises in Colorado during Summer

In Texas, Black people openly, and loudly, threatened to kill police, while carrying rifles. I think this activity goes beyond free speech. If they continue this, and are not arrested, they must be protected. "Armed United Front," is composed of multiple black organizations including "Black Lives Matter," a movement funded heavily by billionaire George Soros – New World Order.

Elsewhere in the same venue, **South by Southwest**, peaceful demonstrators carried rifles, to assert their rights of the second amendment.

Other black demonstrators stood on a highway with signs, and stopped traffic. Cops came to the scene. Why didn't the police arrest the demonstrators for obstructing traffic? Were the demonstrators protected?
