Subject: **LOCKDOWN OF THE WORLD**

When you go to the above website, there is a link there to Facebook. Then, there is information not found in mainstream news, but absolutely proven to be factual.

Something is going on in Washington, DC. Changes have been made recently that point to entirely different methods being employed to ascertain what to do about a “virus.” There is a shakeup of key people going on – those you have seen on TV when they talk about the “virus.”

I have been investigating this whole affair of locking down the world for the past month, from the perspective of Doctors, Medical Educators, Biologists, many other highly educated people, and a man who is considered a “professional conspiracy” person full time for the past 30 years – David Icke. David Icke has filled arenas world wide with people, written many books, and produced videos. His April 6, 2020 interview about this matter was banned, but you can still see it by following the directions above.

I don't need David Icke to tell me what is going on in the world, and has been for thousands of years. There is a very tiny number of so-called “elite” who want total control over the world.

There is a **HUGE REBELLION** against these **LOCKDOWNS** all over the world. 4 Sheriffs in the State of Michigan refused State Government orders. South Dakota, and Countries have refused it.

I believe it is in the best interests of the people of Huerfano County for you to tell businesses they may open, and people can go to work as far as the Sheriff's department is concerned. First get some other Sheriffs to go along, to provide a huge political embarrassment to the Governor if he would be willing to overstep his true authority and go against the Sheriffs.

The fact is the **IMMUNE SYSTEM** of the human is being ignored in far too much discussion about this matter. Too much attention is being given to a “virus.” Far too much talk of a vaccine is being put forth.

Please, investigate this. Listen to doctors, and investigate what others prove. Far more damage is being done to people from the **LOCKDOWNS**, than any “virus” possibly could.
