Sheriff, I suspect this bulletin has been sent to all law enforcement, including you.

In that bulletin the atrocity of the Oklahoma City bombing is detailed.

A very carefully researched **DOCUMENTARY VIDEO** about Oklahoma City is here:

www.wearechangehuerfano.us/anoblelie.htm

If you carefully research the facts presented, you will find they are true. A truck bomb could not have caused the damage. That's one fact, attested to by the best experts in the world.

There are more facts, and using academically acceptable research methods you can prove the facts for yourself: www.wearechangehuerfano.us/research.htm

The purpose behind Oklahoma City was to demonize patriots, and who really did it should be quite clear to anyone willing to carefully examine the evidence.

That's what a good cop does, right, examine the evidence?

Similar violent acts were falsely blamed on the patriot movement.

Many similar reports - sent out to police all over the country - are riddled with lies. Examples are at...

Quoting from the report:

Oklahoma City Bombing remains the deadliest mass casualty attack in US history carried out by domestic extremists on US soil... anti-government and anti-law enforcement sentiment; racial, ethnic, and religious hatred; and advocacy of violent conspiracy theories—continue to influence domestic extremists and their targeting choices in 2015...

Looks like extremely deceptive mind control tactics, and it could have been written because of expected events brought on by themselves. See the **JADE HELM** page:
