Subject: Ebola part 3

In a speech in 2009 (when there was an attempt to force vaccinate the people of our world), Brzezinski spoke, "...in early times, it was easier to control a million people, literally it was easier to control a million people than physically to kill a million people. Today, it is **infinitely easier to kill a million people** than to control a million people. It is easier to kill than to control...."

And, Brzezinski is clearly one of the main **NEW WORLD ORDER** controllers, in the political arena, in the US. He's one of men behind the US Government people you commonly see on TV. It is important to note that Obama is just a puppet.

Let us look at what happened in 1918, with a near repeat performance in 2009.

The Spanish Flu killed an estimated 50 million people worldwide.
