Subject: Ferguson part 3

The design of the **NEW WORLD ORDER (NWO)** in Ferguson is clear. And, this is how it concerns Huerfano County, and you, Sheriff.

They **NWO** wants an excuse for military rule, or martial law, in all of America and that, of course, includes Huerfano County whether Ferguson like events occur in this county, or not. The events in Ferguson, along with the controlled **US** press lies and omissions, are clearly designed to generate widespread riots, armed conflict, and confrontation with police all over the US.

Remember this **METHOD OF OPERATION (MO)** of the **NWO**: 1. create crisis. 2. response of fear from people 3. create supposed solution. **September 11**: 1. bring down buildings. 2. response of fear from the people. 3. create a police state so the people will feel safe. The solution was designed before the crisis was created. The police state was not for the people, but against them. **Sandy Hook**: 1. children killed? 2. people afraid. 3. try to take people's guns so people will feel safe.

This **MO** does not work so well anymore. Less than ½ the **US** public believe the proven lies about 9-11. Sandy hook has been exposed to many as a fraud.

And, the most important part of this is the primary aim of these criminals is **control** - **to easily enable their other plans of mass extermination**.

So, to be a good cop, you must know these people are criminals, mass murderers, terrorists, and they have too much control of the US Federal Government. If you don't know it yet, I don't expect you to believe me, or anyone else. Then, like a good cop, you will research. What I mean by research is to be in conformity with academic, and set rules and standards. Examples are on the above referenced web site.

The police officer, Darren Wilson, was clearly correct in his use of deadly force to defend himself. Why was this information, that there were black witnesses of the event who said he was defending himself, not made public earlier? Look at the effect of not making this fact public. It caused further unrest amongst the black community.

Why was National Guard deployment recently delayed? Answer: More damage, more injuries, and thus more excuses for martial law. People were made more afraid of the rioters because of this stand-down. **1. CRISIS 2. RESPONSE 3. SOLUTION.**

Check out this recent propaganda in the controlled press:

A retired lieutenant general appeared on CNN ...advocated putting active duty soldiers on the streets of Ferguson and elsewhere to help restore law and order..

Now, "Protesters flood streets across US" according to **CNN**.
