Subject: Exercises in Colorado during Summer – part 4 – JADE HELM

This is an urgent message, a request from me, for the Sheriff and the County Commissioners, to notify by way of verifiable correspondence, those in charge of **JADE HELM**, that you forbid any military from entering Huerfano County for the purpose of **JADE HELM** exercises, or any covert operations in the county.

I have talked with a number of Huerfano County residents who are very concerned about the dangers of these exercises, and they told me they do not want such activity to take place in this county.

Evidence of the dangers of this operation have been presented via the above website, and more information will be presented on that website as data emerges about the **JADE HELM** operation. So, please look at the website again in the future.
