Subject: **Good guys – Bad guys - CAMPS**

Larry Grathwold was hired by the **FBI** back in the 60's as an informant to bring down a left wing terrorist group. At that time the **FBI**, mainly, were **Good guys**.

Grathwold found that the plan of these highly educated people, after they took over the US Government, was to set up **CAMPS** in the US. These camps were to **RE-EDUCATE** those who were to be former capitalists, into the new way of the US. Those not able to be re-educated were to be exterminated – many millions of people.

This is not much different than the Communist Terrorists that murdered the Czar and his family, and took over Russia.

The US Military consists of a mixed bag of good, and bad, guys. There were **Good guys** of very high rank who were fired by Obama.

But, the military was following the **CAMPS** agenda for many years, and documentation proves this. The **CAMPS** do exist. It's not a conspiracy theory. As far as we know, no significant number of people were ever placed in the camps.

REX 84 is a secret program that involves **CAMPS**. This is a provision for continuity of government, martial law, and suspension of the US Constitution. For a long period of time, militias grew in the US, because **Good guys**, patriots of the United States, feared they were being designated as those who would be put into these camps, and many executed. Their fears were well founded. Documents, and practice drills, *prove* this was an actual plan.

The controllers inside the US Government, had, for many years indoctrinated police into the false idea that **PATRIOTS** (gun owners, constitutionalists) were to be feared. They staged the Oklahoma City event to assert **PATRIOTS** were dangerous. They proved themselves liars.

The Military Commissions Act and Patriot Act was set up by the **Bad guys**. The **CAMPS** were mainly to serve the agenda of the **Bad guys**. Emergency powers taken by the President alone, and contrary to Congress, were set up, but the **Good guys** can use what was placed before them, including President Trump to build a wall and protect people.

Fixed elections are **WRONG**, and that's why we have a congress with too many subversives.
