Subject: **THE STATE OF THE WORLD**

**First thing to note is we live under spiritual (7 Hermetic principles) and human law.**

**Second thing to note, we live in two realms, the mundane physical, and the world of spirit.**

Our world is undergoing catastrophic change, and a rapid switch to widespread and dynamic experience of the spiritual dimension.

Earth is headed to the depths of depravity, suffering and death, and at the same time transformation to higher realms of existence that slowly undermines all the worst that has been happening. It's a cleansing process.

The key, here, at this time is to maintain a robust immune system in the body. The body is governed by spirit. So, peace and enlightenment, with minimal anxiety, minimal stress, is primary for the immune system. Then, there are many other important factors.

This is what you have to know. There has been, for a long time, a plan to eliminate a high percentage of the human population on this planet. Right now, the operation is fully in place.

You need to know what is happening, and what will happen. The vaccines are bringing about a great deal of disease spreading. The injection has killed people almost instantly, and doctors are predicting many will die from the vaccine within 3 years.

You have a **KARMIC** and lawful obligation to not permit any forced vaccinations in your county. Forced vaccinations are a constitutional matter. You are sworn to uphold the constitution. If people want to kill themselves with vaccines, that's their business.

The masks and lockdowns are not your problem. It up to citizens to take care of that through boycotts. If no-one buys from them, they will cease to exist. As more people awaken, the enforcement by businesses of these ridiculous rules is starting to automatically reduce.

Just be ready for massive deaths of people who took the vaccines, and slow deterioration of their mental faculties as time passes. This will be catastrophic for the world, and could be for this county – depending upon the people here.
