Subject: Ebola

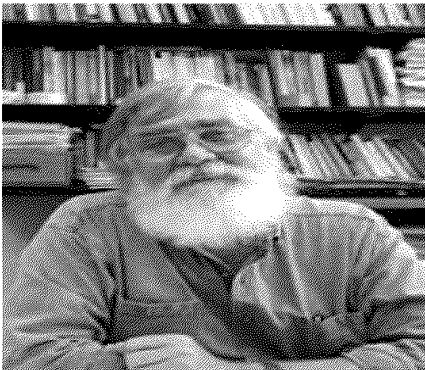

We are entering a final phase of the **NEW WORLD ORDER** master plan, to exterminate most of the people on the earth. Yes, I know this may sound bizarre to some people, but it's like me to be truthful, no matter what reactions resound from those hearing it.

And, you, Sheriff are in the middle of all this, because of Ebola spreads like it's being projected by experts, Huerfano County will likely be affected very soon.

Dr. Eric Pianka spoke to a crowd of distinguished guests about the glory of Ebola, how it would rid the earth of this terrible plague upon the earth, called humanity. He said he'd probably have to die with the rest of us, but it would be for the best. Now, we know this guy is insane, but what many fail to realize is that people in positions of power, including those who run bio labs, are insane.

And, the **NEW WORLD ORDER** leaders who run the minds of such weak minded people, are also insane.

Of course global warming/climate change is a hoax, and the world is not overpopulated. That's been proven: www.wearechangehuerfano.us/climate

Raving Lunatic Dr. Eric Pianka

So, Sheriff, I'm requesting that you stay tuned to what is happening in the world, and do not depend upon mainstream media because they lie, and cover up important facts.

Be ready for a possible order from the Federal Government to force vaccinate people. Be ready for an attempt to force their tyrannical methods of supposedly stopping the Ebola outbreak.

Many within the US Federal system are coming to the realization that one cannot safely work with evil, and that in the end that evil force will destroy them along with everyone else. They are exposing, and defeating the **NEW WORLD ORDER** agenda. Rapidly increasing numbers of them are coming out.

Many Sheriffs have stood with the people in the past, and I'm convinced you will do the same if this crisis turns into something ugly.
