Subject: Good News and Bad News – Merry Christmas

The San Bernadino event is showing up to be a setup, probably to increase anti-Muslim paranoia. This irrationality could turn into another excuse for gun confiscation. Multiple witnesses saw 3 men dressed in military clothing doing the shooting. Probably mercenaries.

Obama is expected to sign gun restriction orders by executive action sometime soon. Hickenpooper is probably going to go along with it, and order the arrest of Sheriffs in Colorado who do not enforce added gun restrictions. My advice is to have citizens you can trust empowered with the authority to arrest anyone trying to arrest you. They should be in your home overnight, and be with you at all times. They can serve in shifts. Have the would be arrestors tried for attempted kidnapping, and serve their time in the county jail.

Arresting such offenders is legal. There was a supreme court decision that the local Sheriff has the authority to decide on matters that have to do with firearms as it relates the 2<sup>nd</sup> Amendment of the US Constitution. And, the 10<sup>th</sup> Amendment of the US Constitution gives you the right to not enforce added mandates from the Federal or State Government.

Do not believe that you will, necessarily, have a fair hearing once arrested. Remember the NDAA I informed you about in the bank? Under that, you have no right to a lawyer, no bail, and **INDEFINATE DETENTION**.

Now, the good news. A judge in Alaska has called for Federal Marshalls and the FBI to arrest the President, and the congress. There is an article about that, and similar events.

I suggest you ask friends, and **REAL** experts, to look at the article, and important documents associated with it, and tell you their opinion. Going to law school does not make one an expert. Often enough, law schools provide a lot of brainwashing, and misinformation.

It's also about 5 nations forming an alliance to take down the New World Order.

Here is the best way to tell people how to find the article. Say look up **WE ARE CHANGE HUERFANO** (ie GOOGLE). Then, on the first page of that website, click on **BRICS – B R I C S**

I cannot say that everything in the article is true. However, the judge did write a book about her legal justification for arresting the President and Congress. The legality of what she writes has been agreed upon by competent people.
